REMARKS:

In the Office Action mailed on February 10, 2005, the Examiner indicated that the application is in a condition for allowance except that the drawings did not show "the open end forming a crimpable lip with an uncrimped second inner diameter larger that the first inner diameter of the hollow chamber as mentioned in claim 1, lines 3 - 4.

To further clarify this matter, Figure 13 has been added to the drawings and the specification has been changed to briefly discuss this additional figure.

The Applicant believes that this additional figure and addition to the specification does not add new matter and further clarifies the application. Accordingly, the Examiner is respectfully requested to enter this amendment and to grant this application into a patent.

Respectfully submitted,
